Bhopal, M.P | +91 9279796670 | nicketkrthakur24@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

## OBJECTIVE

Motivated Computer Science undergraduate specializing in AI/ML with hands-on experience in building intelligent systems and full-stack applications. SIH 2025 National Winner with proven leadership and project execution skills. Seeking internship or entry-level software engineering roles to apply problem-solving skills and contribute to impactful real-world solutions.

## EDUCATION

|                                                                                                      |             |
|------------------------------------------------------------------------------------------------------|-------------|
| <b>LNCT University, Bhopal</b><br><i>B.Tech in Computer Science Engineering (AI/ML)   CGPA: 7.52</i> | 2023 – 2027 |
| <b>Nadia Hindu High School, Jharkhand</b><br><i>Class XII (PCM) — 79.40%</i>                         | 2020 – 2022 |
| <b>Sheela Agarwal Saraswati Vidya Mandir, Jharkhand</b><br><i>Class X — 82.20%</i>                   | 2019 – 2020 |

## SKILLS

**Languages:** Python, JavaScript, TypeScript

**Web & Frameworks:** React, Flask, Streamlit, Responsive Web Design

**AI/ML:** Machine Learning, Predictive Analytics, Data Preprocessing, Model Deployment

**Databases & Cloud:** SQL, Firebase, Supabase, Real-time Data Systems

**Tools & Practices:** Git, GitHub, VS Code, OOP, Data Structures & Algorithms, System Design, Agile

## EXPERIENCE & ACHIEVEMENTS

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                     |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|
| <b>Agentic AI Program Intern — ESTREL.AI (WiiZ)</b><br><ul style="list-style-type: none"><li>Completed an intensive program on Agentic AI system design and workflow automation.</li><li>Developed AI-driven use cases within the WiiZ ecosystem for intelligent task execution.</li><li>Gained hands-on experience in real-world AI deployment and automation pipelines.</li></ul>                                                                                                                                | Dec 2025 - Jan 2026 |
| <b>Team Leader — Smart India Hackathon (SIH) 2025 (National Winner)</b><br><ul style="list-style-type: none"><li>Led a 6-member team to design and deliver an AI-powered tourism platform at national level.</li><li>Built personalized recommendation system and multilingual chatbot using ML techniques.</li><li>Integrated blockchain-based verification and real-time analytics dashboards.</li><li>Delivered end-to-end solution including geo-location, AR/VR previews, and marketplace features.</li></ul> | Nov 2025            |

## PROJECTS

|                                                                                                                                                                                                                                                                                                                                                                                                                      |      |

| <b>SafeKumbh – Sanitation &amp; Health Monitoring</b><br><i>Python   Firebase   AI/ML</i> <ul style="list-style-type: none"><li>Built a real-time sanitation monitoring system with analytics dashboard.</li><li>Implemented ML models for resource optimization and health insights.</li><li>Enabled real-time data tracking and visualization for better decision-making.</li></ul>                                | 2025 |

## LEADERSHIP

- Led a 6-member team as Team Leader in Smart India Hackathon (SIH) 2025, securing National Winner position.
- Managed project planning, task distribution, and end-to-end execution of an AI-based solution.

## EXTRA-CURRICULAR ACTIVITIES

- Participated in Smart India Hackathon (SIH) 2025, contributing to an award-winning AI-based solution.
- Continuously build and experiment with AI/ML and full-stack projects beyond academic curriculum.
